

Day 8 – Bath

When we arrived in Bath we went to the Roman baths, which isn't only a bath by the way. It's a museum about what happened during the ancient times in the Roman Bath. The museum wasn't like every other museum. We didn't have to read every single fact about the Roman baths since we could listen to an audioguide. Afterwards we had some freetime to get some lunch or to do other things. Later we had the opportunity to follow Mr. Adam on his tour through Bath or we just spent our freetime in town until half past three.
