

DAY 6

Saturday, 6th May

Today we didn't go to school because it's weekend. We went to the Eden Project in Cornwall. The Eden Project is a huge garden area with many plants. There are several biomes that look like huge bubbles. Those biomes represent different climate conditions, for example mediterranean and tropic climate.

On our way there, we learned about Cornwall and the history of Eden Project. Mr. Adam also told us about Mr. Hawk's love for Rosamunde Pilcher. Mr. Adam, Mr. Hawk and Olaf got a coronation hat from Mrs. Vogel and Mrs. Jungkurth.

When we arrived the teachers told us, we can walk around the Project alone (in groups).

Then we visited the biomes. It was very hot in there, so we didn't stay long. Some of us watched the Coronation. The Coronation was shown on a screen and a lot of people watched it.

Outside the biomes also were a lot of beautiful plants and grasses. The focus of the Project, that was founded in 2001 is on the theme sustainability. That means that every thing you can buy in the shops and restaurants is environmentally friendly. Because of the today's coronation we all got a free ice cream or a piece of cake. Our bus driver Olaf tried the zip - line. We're very proud of him.

After we had left the Eden Project, a lot of us went through the shop, where you can buy biodegradable things as well.

All in all we really liked it and would recommend it to you.

Emma, Anna Z. and Nele Zöge
