

Day 12

Bowling and free time in Torquay

Our day started with our English lessons in Torquay International School. We did some tasks about food and recipes. When school had ended, we walked to the center of Torquay and had round about 1 hour and 30 minutes free time before we went bowling. It was near the town center of Torquay, and it wasn't just for bowling, but also for playing arcade games. We had 5 lanes, one hour to play and were divided in groups of 8. It was a lot of fun and there were many of us who were really good, but Mr. Hauk was the best. He scored many strikes and spares. He was close to appear in the high score list of the day. There was only one pin left for the top ten.

After bowling, we had free time from 4pm to 6:30 pm.

Many of us used the time to go shopping, to buy souvenirs, to go to cafés or to enjoy the beach, where some people had the fabulous idea to fall into the Atlantic Ocean because of stupid actions. While we had free time the weather was good, but when we were waiting for our host families to pick us up (because the bus driver had a free day) the rain started. It is so interesting how the weather can change within a few minutes here. After a few minutes the rain stopped, and there was a beautiful rainbow in the sky.

All in all, it was another beautiful day in England, but sadly also one of our last ones in Torquay.

Gustav and Mark

Greetings to all, but special greetings to our families.
