

## England trip 2025 - Day 2 - May 13th

### A beautiful day in Torquay

Today was our first day in Torquay. In the morning some people had to walk to school and the others got picked up by our bus. Then we met in front of our school, which is called International House Torquay, and told each other about our various host families. Right after that, we were split into two groups and our teachers introduced themselves to us. We played some fun games and had to give small presentations about British sights, which everybody enjoyed.

After school, we walked to the centre of Torquay, where we did a town trail and had to actually talk to some locals to answer questions about the town and its history, which was great fun.

When we finished, we had a bit of free time to get something to eat or just sit down at the harbour and watch the seagulls fight over food.

An hour later, we met again and went to the beach where we had an amazing view of Torbay. Some people took off their shoes and socks and dared put their feet in the water, others played volleyball or frisbee or just relaxed and walked around the beach. Our teachers played the guitar and sang some songs.

At the end of the day, we walked back to the bus stop to catch our bus back to our host families. All in all, it was a beautiful day and we are really looking forward to discovering and exploring England even further.
