

England trip 2025 - Day 6 - May 17th

Diesseits von Eden

Today we went on a day trip to Eden Project. After a long bus ride, we walked from the coach parking lot to the entrance. When we had arrived and our teachers told us the time we got to explore, we could finally enter the bubble-shaped greenhouses.

We were so amazed by the new impressions because there were plant species from all over the world, some of which looked SO beautiful. Many trees were tangled up with vines, ivies and various smaller plants and flowers.

Altogether it looked stunning and we're convinced everybody enjoyed the trip.

(Leni and Emely)
